

- PRESS RELEASE -

ModeLabs Group develops its on-line distribution network through a partnership with WorldGSM, e-specialist of mobile phones

The ModeLabs group goes into partnership with WorldGSM, e-specialist of mobile phones. Through a partnership with an e-commerce site aimed at technophile consumers of mobiles and trendy products, ModeLabs Group develop its expertise in distribution via the Internet and its knowledge of clients' needs.

St Thibault-des-Vignes, September 21th 2006 ("MDL" code, code ISIN: FR0010060665). - ModeLabs Group, customised design manufacturer of mobile phones, announced that it had acquired a majority holding in the capital of WorldGSM, e-specialist of mobile phones.

At a time when e-commerce sites are growing in number, providers develop their on-line shops and the offer for GSM is increasing on the Internet, the ModeLabs group improves its expertise in this field thanks to WorldGSM.

15 000 one-time visitors each day, from the technophile to the jet-setter, to professionals with significant purchasing power, connect to look for the information riche about GSM news (84%* consider the information to be really interesting) on a user-friendly and avant-gardist website (88.14%* are satisfied with the aesthetics of the site, 81.36 %* of them consider that the site is interactive). WorldGSM are the object of chains (forums, blogs,community,...) animated by this selective, demanding, news and telecom product enthusiastic public, faithful to the website (i.e. 36* % of visitors connect every week).

ModeLabs Group will thus extend the distribution network for its « Mobile On Demand TM» offers to a trend prescribing public on the look-out for new products.

The product supply on this site differs from other sites as it provides a wide range of best sellers ou standard mobile phones, completed by atypical products, previews and limited series in order to answer to working customers needs buying more than 2 mobile phones each year. This behaviour of renewal mobile phones will be amplified by the UpGrade Program launched at the end of the month.

Meeting the needs of satisfied clients requires to set up efficient distribution network and services. Synergy of know-how, convergence of information systems of both companies will enable maximisation of means, improvement of the site's dynamic and enhancement of the expertise of the ModeLabs group.

« This acquisition of shareholding confirms and strengthens our position as expert in the mobile phone sector in the forefront of trends" are glad to say Laurence and Arnaud Ainouz,

founders and CEO of WorldGSM « *It is also the opportunity to increase the number of our clients, range of products and create new services and website items*».

« *this acquisition is part of the strategy for developing on-line distribution channels and for improving the visibility of ModeLabs group products to "early adopters" who are the targeted clients*» declares Stéphane Bohbot, Chairman of the Modelabs group's board of directors.

ABOUT THE MODELABS GROUP
